Vandalism At Pond, Playgrounds Costly To Town

Andover Boy Scouts Left Today For National Jamboree In Pa.

CHOW'S ON! - Waiting in line for chow at the Boy Scout Troop camp on Osgood st., where Greater Lawrence Scouts prepared for the National Jamboree at Valley Forge, are Robert Dennison, group leader from Troop One in Lawrence; Robert McLean, Troop 78, Bruce Sorrie, Troop 72; Kenneth Young, Troop 72; Herbert Kempton, Troop 73; Allan Taylor, Troop 76 and David Lawrie, Troop 76. Sixteen Scouts from Andover and Troop 76 Scoutmaster James Butler left today for the Jamboree.

Sixteen Andover Boy Scouts left for Valley Forge, Pa., this

morning - part of a Greater Lawrence Troop taking part in the National Jamboree.

And with them went James Butler, Scoutmaster of Ballardvale Troop 76, who will serve as assistant during the trip. John Ingalls of Lawrence is Scoutmaster of the Troop.

The Greater Lawrence group left at 4:40 this morning by special train, after two hectic days of training for the national event. Competitions in all phases of scouting will be held in Valley Forge, with the local boys planning to enter as many events as possible.

The Troop gathered at the Hobby Horse Farm of Vince Treanor on Osgood st. Monday of this week and spent two days preparing for events at Valley Forge. Monday night there were inter-patrol games and a counsel fire was held Tuesday night, with both Scouts and their parents participating. Wednesday evening they were entertained at a party at the Salvation Army Hall in Lawrence. They spent the rest of the night at the Y.M.C.A. there,

Sewers - David Thompson;
Tree and Parks - P. LeRoy Wilson.

Won't Borrow In Anticipation Of Tax Revenue

The town will maintain a years-long record of not borrowing in anticipation of incoming taxes.

Miss Anna M. Greeley, town treasurer, indicated this week that a healthy bank balance is being maintained to meet current expenses. Many communities borrow, about this time of year, to pay operating expenses until tax

Valley Officials Here July 18

July 18 is the date set for a meeting of Merrimack Valley officials to discuss cleaning up the river for use as a water source.

Chairman Sidney P. White of the Board of Selectmen sent the invitations to mayors, selectmen, city managers and this district's state senator and also to two New Hampshire officials.

"We are initiating this meeting," he wrote, "with the idea of ex-

Bill Over \$800 For "Mischief"

Vandalism has cost the Recreation Committee at least \$800 so far this season.

Committee Secretary Frank Markey this week suggested it may be necessary to ask the town for additional funds next year, to be held in reserve for emergency repairs as a result of mischief.

The biggest problem this year has been at Pomp's Pond, where Mr. Markey said boys pulled shingles off a newly-shingled roof; took a heavy link chain off the raft and dropped it into the mud where it is lost; sank barrels that help support the raft so that they may be a menace on the pond bottom; tore down a gate and tore up newly-paved areas by driving cars around over them before they were dry.

Test Well Tied In By Weekend

The BPW expects to have its test well tied into the water system this weekend.

Although it had been anticipated that the well might be hooked up earlier, there had been considerable difficulty in obtaining the pumps needed. However, Ralph Preble Jr., head of the water department, told the Board Monday night that two pumps will be used and should be in hand today. The power company should also be working today to install the necessary power lines at the Andover st. site.

A small pump house has been moved to the location, so that the equipment can be locked up to prevent mischief. Also in hand, Preble stated, is the chlorinator

"IN DOING WE LEARN"

(Author's Name Below)

Before a physician receives his license to practice medicine he must learn how to do everything necessary to diagnose and treat disease.

Before we pharmacists receive our license to practice pharmacy we must compound prescriptions under the watchful eyes of our instructors, and prove that we know how to properly compound and protect the potency of medicines.

Therefore, your future health is always better served when you go to your physician for advice on what to do and what to take, and get any needed medicine from your pharmacist.

Wolfson Asks Why Dam Wasn't Fixed

Taxpayers Association President Henry Wolfson this week asked two questions of the BPW, concerning the possible reasons for the water shortage.

His statement follows:
"The Taxpayers' Association has been asked if there was anything significant in that portion of last week's news release on the water situation which stated that the lack of foresight in the face of many warnings from various sources is 'water over the dam'."

No play on words was intended in the use of the quotation 'water over the dam'. However that question does bring up two of our own, the answers to which should be of particular significance to the residents of Andover.

"1. The Haggetts Pond dam was damaged substantially in the flood conditions of the summer of 1955. Has the dam been repaired? If not, why not?"

"2. If the repairs have not been made, how many million gallons of water were lost as run-off since the summer of 1955 which would have been stored had the dam been repaired and which perhaps would have enabled us to go into the present drought with a higher water level?"

"If this repair has not been made, it is a typical example of what the Taxpayers meant in last week's release when we said, 'We hope that the current emergency will serve to awaken our town officials from their lethargic approach to Andover's water needs'."

This lethargic approach has served to compound the water shortage and, when faced by the resultant problem, the Board of Public Works panics and makes decisions which compel Andover's residents to pay an unnecessarily steep price for permitting the Board to be so lethargic. We reiterate that 'the impact of the situation can be eased substantially with little or no risk'. We agree

money rolls in later in the summer and fall. Not since 1941 has Andover needed to borrow this way, however.

In addition to money in the bank now, Miss Greeley explained that personal property taxes are now being paid, thus adding to the available funds for current obligations.

Real Estate Tax Bills

Although real estate taxes have not yet gone out, Tax Collector James Christie feels that all the bills will be mailed before the end of July. With an increased work load this year over last, Mr. Christie expects to have completed the bills master sheets within two weeks and thinks the bills will be mailed sometime in the week of July 21.

Last year's bills went out July 18. But in 1957, there has been a substantial increase in the number of bills to be prepared. Each parcel of property requires a separate bill, the tax collector explained. Thus, in the case of sub-divisions not on the books last year, his staff has to prepare a separate bill for each lot instead of the one bill required in 1956. "We're still struggling with it", he commented.

Heaviest Taxpayer

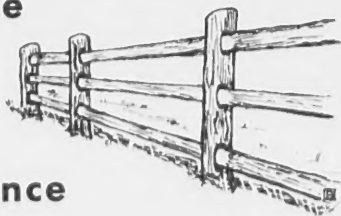

The personal property tax bills went out last month and are now being paid. The heaviest personal property taxpayer is the Lawrence Electric Co., with \$77,810. The Lawrence Gas Co. pays \$20,610. Combined, the two firms represent about 56 percent of the total personal property taxes of \$175,654.

The New England Telephone Co. pays \$28,025, the records show.

Christie explained that most of the personal property taxes are paid by businesses, rather than individuals. Only relatively few persons have personal property

valued over \$5000, the state-allowed exemption, he stated. Business is taxed by the town for non-manufacturing machinery, inventory and supplies. Thus large manufacturing firms such as Raytheon are not represented heavily on this tax list. They pay corporation taxes to the state, which are returned to the town, Christie pointed out.

Tom Hale Carries On Army Tradition

Brig. Gen. Jeremiah P. Holland, Fort Gordon Commander, is shown swearing in Specialist Third Class Thomas C. Hale of the Military Police Training Regiment. Specialist Hale, son of Mr. and Mrs. Fred M. Hale, 32 Westwind rd. is signing up for three more years of service.

When Specialist Third Class Thomas C. Hale held up his hand to take the oath of enlistment at Fort Gordon recently, he was actually entering a family institution. In fact, Tom can hold his own in any barracks discussion of

the 'Old Army,' even though he is just past 20 years of age. In spite of his youth, Tom has an association with the Army lasting nearly all his life.

Tom Hale is an 'Army Brat' — son of a sergeant major of artillery who retired in 1953 after more than 30 years of active duty. Accompanying his father, M/Sgt Fred M. Hale, Tom has an impressive travel record, the high point of which was a four year tour in Germany with the Allied Occupation Forces.

A brief separation from Army life came with his father's retirement. Too young to enlist, Tom continued his schooling, joined the home-town Reserve unit when he reached military age and earned a specialist third class rating

before he finished high school.

Presently assigned to "E" Company, The Provost Marshal General's School, Sp3 Hale is training to be a military policeman. "I hadn't thought much about being an MP," he said, "but now that I'm in this branch, I like it fine. Only I want to get into an Airborne MP Company, when I graduate."

Questioned on future plans, young Hale said he would like to become an officer. "But first, I'd rather pull a full tour as an enlisted man."

As a starter, Hale enlisted for three years and devotes his time to learning the arts of the military policeman. He plans to take a 15 day leave when his training is completed. Maybe 'Old Sarge' back home at 32 Westwind rd. will take time off from coaching the little league ball team to give the new 'recruit' a few pointers on Army life.

Mrs. Albert McCarthy and children of Chandler rd. are vacationing at York Beach.

ploring cooperative solutions to the area problem of finding an abundance of clean water, usable and economically possible for all of us to distribute."

The session will be held in Central School Auditorium.

Considerable favorable comment has been heard from Massachusetts communities, with some town and city officials becoming enthusiastic about the possibilities of tapping the great reserve of water in the river to meet pressing demands on the water supply.

Some New Hampshire officials have cautioned that, while interest is increasing in cleaning up the river, there may be a problem of finances.

Mr. White, when he suggested the meeting to local town officials at a recent session, said he understood that state and federal funds are available for anti-pollution work by the cities and towns. The first step, if the July 18 meeting agrees, would be to petition the state to analyze the river both as to pollution and as a potential water supply for the various communities. And Mr. White warned then that the effort must be undertaken enthusiastically by the officials in order to get the kind of support from the state and federal governments that is needed for success.

was State Senator Charles S. Marston Jr. of Haverhill, representing this district; Mayors John M. Buckley of Lawrence, Joseph Willett of Haverhill, Samuel S. Pollard of Lowell and Henry Graf Jr. of Newburyport.

City Managers Gilbert D. Chavenelle of Haverhill and Frank E. Barrett of Lowell were invited and the following chairmen of boards of selectmen were asked: Albert E. Holdsworth of Tyngsborough, William Quinn of Methuen, Ralph E. Finck of No. Andover, William H. Bromley of Dracut, Eugene A. Morse of Georgetown, Harold E. Crawford of Groveland, Victor N. Cluff of Tewksbury and Albert E. Elwell of West Newbury.

Also asked to the session were Henry Manson, chairman of the New Hampshire Water Pollution Committee and its secretary, William Healey.

Board Refuses Tree Removal

Donald McNeil won't be allowed to cut down an elm tree in Shaw-sheen.

By vote of three-to-two, the BPW refused this week to reconsider a previous vote against taking down the elm. McNeil wanted it down because he said it would stand right in front of the main door to the drug store he is enlarging.

Opposed, at two different hearings, were members of the Andover Village Improvement Society and others, who protested cutting down a healthy elm when, they said, the drug store could be enlarged some other way.

Discussing the last of the two hearings during its meeting Monday, the BPW heard members Francis Reilly and P. LeRoy Wilson argue that the tree, although only partially on McNeil's land, should come down. They said he has as much right to enlarge his business as any other firm in the town and Mr. Reilly suggested that the man shouldn't pay taxes on business property if he can't use it.

Members Alex Henderson and David Thompson, with Chairman Allan Flye, voted to uphold the original decision. Henderson said he felt that McNeil could rearrange his building to avoid the tree - that no serious engineering problems prevent that step.

When Reilly commented that others in town just cut down trees and never ask permission, Thompson suggested that all building permits carry a statement that no town tree be cut down without approval from the BPW. It was later voted to include that restriction on permits under discussion.

The Board originally had voted to disapprove McNeil's request when it appeared that the tree was on town land. But it was found that the tree is almost a foot on the McNeil property with the remainder on town land. A second

hearing resulted, with further opposition from the A.V.I.S.

During Monday's discussion, Reilly commented "It's the same old thing. If you ask permission, you get in trouble. There's nothing done about residential areas where they bulldoze a lot of them down."

Chairman Flye suggested that he would think a businessman, in face of such opposition, wouldn't insist on taking the tree down.

Reilly, in arguing for the reconsideration, said "he has a right to build to the property line on any business property. There are no trees on Main st. It's zoned for business there and he has the same rights there as here. If he pays taxes for the land he should be allowed to use it."

TEST WELL TO BE TIED IN

(Continued from Page One)

required by state law.

When the well is hooked up, it will pump an expected 300,000 gallons of water into the system each day, at about 125 pounds pressure. Although the water pressure in the main is somewhat less, the added water must be forced into the main against the pressure of the water already there.

What affect the well will have on the strict ban on water usage remains a big question. The possibility that some easing of the restrictions may occur has drawn wait-and-see comments from officials.

Enforcement of these restrictions, meanwhile, has been left to the chairman of the BPW, Allan Flye was instructed by the Board to contact persons reported as violators and warn them that another violation means shutting off their water. Three names were given the Board Monday night and Flye agreed to call the persons immediately.

Board Refuses To Reconsider Vote

With two members voting yes and the other three not voting, the BPW Monday night refused to reconsider two betterment assessment cases.

Both assessments are the subject of court action seeking relief from the BPW decision but Chairman Allan Flye said he was advised that, if reconsideration took place, the parties would arbitrate.

Members David Thompson and P. LeRoy Wilson strongly urged reconsideration. But when a vote was taken, theirs were the only two votes. The other members, Chairman Flye, Alex Henderson and Francis Reilly, did not vote. And Flye declared the move to reconsider lost because there was not a majority of the Board in favor.

Both cases, it is understood, will be on the court calendar in the early fall.

Known throughout New England for his knowledge of the Service, his ability as an agent and his thoughtfulness to persons needing help, Mr. Twomey spent 40 years in the federal service. A native of Lawrence, he graduated from high school there in 1912, after attending St. Mary's grammar school. In 1917, after first working for the Pacific Mills, he entered the federal service as a clerk in the War Department in Washington, D. C.

In 1918 he joined the Navy and served there for two years. Returning to the federal service, he was reinstated as a clerk, this time in the Internal Revenue office. Shortly afterwards, he was put in charge of the Boston office. He studied accounting and typing at the former Cannon Commercial College.

In 1923 he took the examination for agent and, having passed it, was assigned to the Merrimack Valley area. He has served here since. Prior to his appointment, he took a rigorous special course in internal revenue procedures at the department school in Chicago.

Mr. Twomey is married to the former Jane Ogilvie, R.N. He is a brother of Miss Mary A. Twomey, principal of the Leahy Elementary School in Lawrence; Cornelius of Methuen and Fred, who retired recently from the Gloucester school system and who now is teaching in Florida.

Friends and co-workers tendered Mr. Twomey a testimonial, at which they presented him with a purse and a savings bond. Members of the family have also tendered him a reception.

Buy Water If Necessary

July 18 has been set as the date for a meeting of officials from communities along the Merrimack River, to discuss cleaning it up so the towns and cities can use the water for drinking purposes.

We sincerely hope the meeting proves worthwhile, for using the Merrimack seems the only sensible, long-range solution to our water supply problems.

If, however, the gathered officials can't come up with a solution — one that all of them can agree on and work for — then we suggest the town may well pursue the idea of buying all its water from Lawrence — or at least a large part of it — just as Methuen does.

It already is apparent that Lawrence will be expanding its facilities, so that the problem of insufficient water in that city becomes more and more remote.

It may be expensive — more so than having your own pumping station. But if a permanent source of water can be obtained only in that way, then it may be necessary to our future well-being to take steps in that direction.

We recognize that many towns, more so perhaps than the cities, may feel the cost of cleaning up the Merrimack to be prohibitive, particularly if the communities already have an ample supply from other sources. And thus it is a real possibility that there may be insufficient agreement among the officials gathered here July 18 to make the project feasible. We hope this is not the case, but we face up to the possibility that it may be. The town should, recognizing that possibility, also explore the possibilities mentioned here of buying directly from Lawrence.

Punish Those Responsible

Another startling episode — rather a series of episodes — dramatically illustrates the problems of teen-age vandalism that have plagued officials everywhere, including this community.

This time it is the deliberate destruction of facilities provided at taxpayers' expense for the enjoyment of our young people.

We have commented before — and do so again — that in many cases the youngsters responsible for this type of activity deserve to appear in court to answer for their acts.

Perhaps the parents should also be taken to court and at least be made to feel the weight of public opinion — for many times the parents are more to blame for the acts of the children than the youngsters are. When a 14 or 15-year-old is allowed on the streets late at night, we suspect there is something drastically wrong with his folks, else why would he be allowed to roam?

Some persons are inclined to write off these deeds as mischief — on the theory that "boys will be boys". But when their actions take the form of loosening bolts on the swings, with the resulting possibility that a child will be seriously hurt, then we say that is more than a prank. And when they deliberately rip shingles off roofs and sink barrels under a raft, so that the jagged barrel edges may be an underwater menace, then we also say the time has come to make an honest effort to apprehend and prosecute those responsible, despite their age.

Believe it or not, bad luck is just as apt to come to the man who waits as anything else.

The fellow who harbors a grudge fares worse than the one at whom the enmity is directed.

Much of the knowledge one acquires comes by doing things he doesn't know how to do.

The man who makes it a practice of asking questions first won't have to make apologies later.

Circus Employee In Court Friday; Case Held Over For ID Probe

WHAT A SMASH — The car in top photo hit the one at the bottom about 10 p.m. last Saturday night on Main st., at the Chestnut st. lights. Police said the driver of the car with Massachusetts plates rammed into the rear of the other car, stopped for the lights. There was plenty of damage, but little personal injury.

A circus employee, involved in an automobile accident here Saturday night, will be in District Court tomorrow morning in Lawrence.

The case of Hozie Hampton of Miami, Fla. was continued from Monday when police asked time to check on his proper identification. He first was listed by police here as Fred Cook Jr.

Sgt. James R. Lynch and Officer Richard Caldwell reported that Hampton's car hit the rear of a New York vehicle when it was stopped for traffic lights at Chestnut st. on Main st. Daniel Hayes of Little Falls, N.Y. was driving the stopped car. Police quoted Hampton as saying he was driving 30 to 35 miles an hour just prior to the accident.

Police took him to court on charges of driving to endanger and operating without a license. He

pleaded guilty to the no license charge and innocent of operating to endanger.

Teachers Appointed By School Board

Four teachers and four custodians have been appointed by the School Committee.

Mrs. Virginia Inman was named to an elementary school post, Mrs. Alice Hart to the sixth grade, Miss Constance Bennett to the Junior High and Richard L. Thornton, physical education.

Custodians appointed were Fred Scott of No. Main st., Elmer Peterson of Greenwood rd., Melvin Nicoll, 47 Memorial cir.; and George W. Connor, 9 No. Main st. No assignments were made as to duty schedules or school buildings.

Miss Bennett has been teaching the past year in Olympia, Wash., in the junior high system. She is a graduate of the Dexter, Me., High School and received her Bachelor of Arts degree from the University of Maine. At Olympia she has been teaching language arts and social studies.

Mrs. Inman has been substituting in the Andover schools and will enter the system on a permanent basis with a background of 20 years experience. She was educated in Pennsylvania, graduated from Mansfield, Pa. State Teachers College and taught in Williamsport, and Troy, Pa. before moving to Andover. She will be assigned to an elementary school class.

Mrs. Hart is a graduate of Trinity and State Teachers College and has taught two years in Salisbury and two years in Methuen. She is the wife of William E. Hart, science teacher and a member of the Andover school guidance department.

Mr. Thornton received his B.S. from Springfield College and is working toward his Masters degree. He is a member of the National Honor fraternity in physical education and did his student teaching in Andover several years ago.

Down the Years with The Townsman

50 Years Ago — July 1907

Mr. and Mrs. Thomas Perkins of West Andover made the Fourth a day long to be remembered by their many friends. The residence and grounds were elaborately decorated with flags and lanterns and fireworks in the evening. Sumptuous lunches were served at all hours.

Tuesday was the hottest day of the season in Andover. Thermometers registered all the way from 90 to 102 in the shade at about noon and it certainly was very

oppressive. In a number of places outdoor work was stopped but no cases of prostration have been reported. In some of the rooms at the factory of Tyer Rubber Company the men were sent home as the heat was such that the men could not stand it.

A large party of local people is enjoying the sea breezes at the Isles of Shoals for two weeks. The party includes Mrs. William H. Higgins and children, William and Loring; Miss Katherine Barnett, Mrs. Hitt of Indianapolis, Mrs. William D. Currier, Mrs. H. W. Barnard and children, Marion, Foster and Shirley and Mrs. E. W. Pitman and daughter, Ernestine.

25 Years Ago — July 1932

James Morton, son of Mr. and Mrs. James Morton of Marland st., celebrated his eighth birthday at his home June 22. The table was prettily decorated. Those attending were John Miller, James Hudson, James Morton, Byron Brown and Mr. and Mrs. James Morton.

Mrs. John Rasmussen and daughter, Elsie and Mrs. Kenneth Hilton sail for Europe from New York on Friday.

Mr. and Mrs. Herbert Lewis, Mr. and Mrs. Arthur R. Lewis and the Misses Marolyn and Barbara Warren attended the "Old Home Week" exercises at Weston M. E. Church, Silver Hill, Sunday morning.

Fred W. Doyle Jr., aged four years, is resting comfortably at the Lawrence General Hospital after having been seriously injured when a bird-bath toppled over onto his left leg at his home on Chandler rd. The youngster will be under medical care for several months. He is the son of Contractor Fred W. Doyle.

10 Years Ago — July 1947

Miss Beatrice Hunter of Lowell st. and Miss Dorothy Farnum of No. Andover enjoyed a trip to Canada over the weekend.

The women of the Punchard faculty were recently entertained at a luncheon by Mrs. Emma G. Carter, dean of girls, at her home on Maple ave. Those who attended were Miss Lillian Fox, Mrs. Dorothy Sanborn, Miss Agnes V. Dugan, Miss Helen Monroe, Mrs. Gertrude Hardy, Miss E. Marjorie Smith and Miss Margaret Hawksworth.

James Kendell Longe Jr., son of Mr. and Mrs. J. Kendell Longe, 109 Main st., was elected vice president of the Sixth Form and also received honorable mention for neatness in his dormitory at the 44th annual commencement exercises of the Fessenden School.

DRY AS DUST — It's no joke to Charles Tateosian of Osage st. and the town's other farmers when they can pick up a handful of rich soil and have it blow away like this. Even though irrigation is carried out extensively, the farmers need at least 48 hours of steady rain to soak the land sufficiently. (Cole Photo)

B.P.W. Will Fix Flint Circle

Flint cir. residents won their point with the BPW this week.

The Board agreed to re-shape the road, install two catch basins and apply an asphalt surface. The project, as approved by the Board, will cost no more than \$2500 it was agreed.

The residents had appeared before the Board last week, asking relief from a dusty, poorly-graded street and a water condition that re-appears each winter and spring. They pointed out then that the town had accepted the street some years ago.

Engineer Ralph Preble Jr. estimated that \$1000 will be needed to re-shape the road and surface it, while about \$1500 will be required to install the drain.

He said two catch basins at the north end of the street are an absolute minimum to prevent winter and spring water damage to the new surface.

Chairman Allan Flye told the Flint cir. folks that about 95 percent of the town's streets are asphalt, rather than hot-topped.

Commented one woman, following the Board's decision to start the work next week: "We'll raise the flags".

Weddings...

WHITFIELD - HARDISTY

A pretty home wedding was held Saturday afternoon, July 5, at 2:30 o'clock when Miss Jean Hardisty, daughter of Mr. and Mrs. William Hardisty, became the bride of Leonard J. Whitfield of Millis, at the Hardisty home, 9 Dartmouth rd. The double ring ceremony was performed by the Rev. Frederick B. Noss, pastor of South Congregational Church, before a fireplace, beautifully banked with flowers.

Given in marriage by her father, the bride wore a gown of pink nylon lace over taffeta and carried a prayer book adorned with an orchid and streamers.

Miss Beverly McCullom of Greenfield, the bride's maid of honor, wore a gray shantung costume and carried a nosegay of variegated flowers.

Philip F. Danforth was best man.

After a reception the couple left on a short wedding trip. They will make their home at 890 Main st., Reading, upon their return.

The bride is a graduate of Mary E. Burnham School, attended Simmons College and Katharine Gibbs School, Boston. She is employed as a legal secretary for Judge Arthur A. Thomson.

The bridegroom, an Army veteran, is employed in the Framingham division of the General Motors Corp.

LAULETTA - HAINES

At a nuptial Mass Saturday morning at 10 o'clock in St. Augustine's Church, Miss Colette Marie Haines, 24 Haverhill st., formerly of Bridgeport, Conn., daughter of Mrs. Oscar Hebert of Winter Park, Fla. and the late Earl A. Haines, became the bride of Anthony M. Lauletta Jr., son of the late Mr. and Mrs. Anthony Lauletta of Tewksbury. The Rev. Daniel J. Deehan, O.S.A., officiated.

The bride wore a gown of white Chantilly lace over satin fashioned with a lace bodice and portrait neckline, long pointed sleeves, a lace peplum and under-

Mrs. James William McLeod, the former Miss Evelyn Margaret Perry, daughter of Mr. and Mrs. Randolph Hight Perry, 6 High st., Ballardvale, who became the bride of Mr. McLeod Sunday, June 30, in the Ballard Vale United Church. The bridegroom is the son of Mrs. Frieda A. McLeod, 535 Lowell st., Lawrence. (Charles Studio)

skirt of ruffled nylon tulle that draped into a chapel train. Her fingertip veil of illusion fell from a Chantilly lace headdress trimmed with pearls and sequins and she carried a cascade bouquet of stephanotis with a white orchid center.

Miss Doris L. Podufaly of Andover, formerly of Stratford, Conn., was maid of honor. She wore a full-length gown of turquoise chiffon over taffeta, trimmed with seed pearls and a matching nylon headpiece and carried a cascade of pale pink carnations.

Miss Therese Ann Ramirez was flower girl. Carrying a basket of rose petals, she wore a dress of white tulle over shrimp taffeta and a matching tiara.

John T. Long of Salem Depot, N.H. was best man and the ushers were Ronald H. Coleman of West Peabody and Gerald A. Jensen of Tewksbury. Earl J. Haines of Milford, Conn., nephew of the bride, was ring bearer.

A reception was held at the Flamingo Lounge. After a wedding trip the couple will reside on Lisa rd. in W. Peabody.

The bride is employed in the personnel department of the Avco Research and Advanced Development Division and the bridegroom is a test engineer with the same concern. He is a veteran of the Korean war and attended Tri-State College, Ind.

Playgrounds Plan Outing July 23

With a pet show, bubble gum blowing contest, a "parade on wheels," a hobby show and a hat show — the Andover Playground activities this week were a lot of fun for a lot of kids. With the exception of Shawsheen playground, which held its "parade on wheels" Wednesday morning before the Fourth, the special events were held Friday, July 5.
Central Playground had over 20 entries in its pet show, with the first winners as follows: unusual pets, Deborah and Denise Lovely for their Tinka Manx cat; dogs, Robert Hamilton; puppies, Deborah Golden; cats, Dianne Campbell.
With a new merry-go-round and prospects of a new permanent basketball backboard at Central, outdoor activities will be given a good boost for the remainder of July and August season.

The next event will be a Bubble Gum Contest, Friday, July 12, at 11 a.m.
Ballardvale

The Ballardvale playground held a very spirited bubble gum blowing contest which even the storm of the day couldn't dampen. First prizes went to these champions: five years and under, Donna Emmons; six to nine years, B. Quesenberry; 10-12 year group, Loraine Dunn.

Loraine was, in fact, the undisputed champion of the afternoon, whose prize-winning bubble was as "large as her head". Her expert handling of the bubble after it was blown was a source of amazement and admiration to her fellow contestants, for in her deft manipulation she prevented "the extra smear". Later she capped her grand prize of a gold ribbon by defeating all the other firsts.

This week's activities at Ballardvale will be TV impersonations, tomorrow at 10:30.

Shawsheen
The "parade on wheels" attracted many parents and children to the playground. The classifications were interesting, the "best" and "most patriotic" drew the most attention.

First prize for the most patriotic was awarded to Linda Boucher; the cutest, Linda MacLeish for a bicycle covered with pink and blue ribbons. She also received the gold ribbon for the event. Other ribbon winners were Paula Woodworth, Jo Foster, Linda Boucher, Joseph Murphy, William Murphy and Jack Skulski.

A Costume Show is scheduled for this morning at 10.
North District
Opening its activities last Tuesday from 9-12, North District Playground had a nice group of children present for the hobby show. The winners are as follows: best educational, Marie and Therese Levesque for their collection of 4H Club ribbons won in competitions; most interesting, John Godek for his collection of airplane pictures and drawings; gold ribbon winner for best collection went to Andrew Basso for his extensive stamp collection.

Barbara Cartier won the first prize in the doll show for her lovely doll.
Tomorrow, July 12, the activity

will consist of a baby picture contest at 10:30.

Indian Ridge

The hat show, which brought an assortment of sounds and comments from the spectators, brought the final firsts: prettiest, Joyce Guerrero; funniest, Geraldine Ashton; most unusual, Eleanor McCann; biggest, Richard Lynch; smallest, John Milne.

A hobby show is scheduled for this morning at 10:30.

Playground Outing

A grand outing, scheduled for July 23, for all playgrounds in Andover, is pleasantly anticipated by the many boys and girls now enrolled. It will be held at Canobie Lake, N.H. with buses leaving all playgrounds at 10 a.m., the children taking their own lunches but being provided with milk and ice-cream. Tickets for the picnic will start being passed out today at the grounds. Races, bingo and soft ball are being planned for the children and their parents. Any child under eight must be accompanied by an adult.

VANDALS COST

TOWN MONEY

(Continued from Page One)

Even though the pond has taken more than its share of the abusive treatment, Markey said the Playgrounds have not escaped attention.

Over the Fourth of July, vandals loosened the bolts fastening the swings at Central Playground. And during the season, only two weeks old, there has been considerable difficulty with vandalism at the North District and at the Ballardvale Playground.

Mr. Markey explained that the Recreation Committee's budget does not have any emergency fund item from which to take the money for repairs. Thus, he said, it may be necessary to ask the townspeople, at town meeting, for extra money next year to pay for damage that may be expected in 1958.

"I've never seen it as bad as this year", Markey stressed. He said the worst period at Pomp's comes between the closing of school and the pond's opening, when there is no supervision.

But at the playgrounds, he said, the mischief is done at night, apparently by children who do not use the playground facilities by day.

The Police Department constantly checks the grounds, he explained, but it is impossible to have someone at each of the playgrounds during the night.

Women Trying To Sell Many Tickets For Hit "King & I"

An all-out effort is being made by the members of the Women's Fellowship of South Church to put "across" in a big way, its

sponsoring performance of the "King and I" Aug. 26. On this night the Fellowship hopes to have accomplished a ticket-selling job of 600 of the best seats at the North Shore Music Theatre and in doing so raise a pleasing sum of money for the church building fund and other expenditure obligations.

Chairmen of the ticket committees and their workers include the following: Mrs. Winston Blake, chairman with Mrs. Fred Bradley, Mrs. Carlton Clift, Mrs. William Long, Mrs. Clinton Shaw and Mrs. Benjamin Slade.

Mrs. Preston Blake, chairman, with Mrs. Will Brown, Mrs. Dixon Penick, Mrs. F. Tyler Carlton, Mrs. Harry Clough, Mrs. Thomas

GOURMET "STEALS"

BY
BETTY BLAISDELL

Such a wonderful holiday and week-end of relaxing! . . . Swimming . . . sailing, seeing Manchester's fireworks by boat, eating food cooked outdoors in aluminum foil - over rude fires, mind you. Nothing fancy about a grill with some burning sticks under it, but let some of your friends get careless with butter, herbs and Parmesan, and they can turn a simple baked potato, for instance, into a conversation piece.

Aluminum foil, I'm beginning to see, is a very important discovery to the art of modern cookery. It's a fabulous aid for the "galley" cook, incidentally, who, even on the most luxurious of pleasure yachts, is a bit limited in the baking department.

Having a surprise invitation to join a group on the Canadian twin-diesel yacht, Lady Betty 11, (the official Royal Canadian Yacht Club greeting ship, anchored in Marblehead Harbor last week to start off the annual race to Halifax), I had my eyes opened to a few quick, wonderful tricks with aluminum foil by Lady Betty's young cook. Biscuits baked on a top burner? Wonderful!

I have scads of good summer recipes beside my typewriter here, though, I'd like you to know about. Several concern that July fish favorite, salmon. Mrs. F. Tyler Carlton of Cheever cir. gave me two nice ways she has of preparing salmon, either fresh or canned. . . she does both. If you are one of the many purchasers of fresh salmon, you probably start by boiling the whole or half fish, wrapped in cheese cloth, in a court bouillon with a good thick slice of lemon; strain, remove skin, bones, etc., and proceed from there. Sometimes an egg or Mornay sauce is my only answer to the boiled Salmon; serve with steamed rice and some fresh-picked native peas, and that's my meal! But Mrs. Carlton likes a timbale and makes a good one.

SALMON TIMBALE
(Mrs. F. Tyler Carlton)
1 lb. fresh or canned salmon
1 cup soft bread crumbs
2 Tbl. melted butter
1/4 cup milk
1 Tbl. chopped onion
2 beaten eggs
1/2 tsp. salt
Pepper

If canned, drain juice from salmon, break up, removing bones and discard skin. Strain sauce, add to fish with the other ingredients. (I know someone who would now put this in a Waring Blender and let it a 5 second "go"). The ingredients should all be mixed and then up finely, anyway, and then put in six well-greased cups and baked 30 min. at 350.

Sauce: Melt in double boiler cup milk and a pkg. of Kraft Old English cheese.

JELLIED SALMON SALAD
(Mrs. Carlton)

Aspic:

1 Tbl. gelatin
1/4 cup cold water
1 cup hot water
1/4 cup sugar
1/4 tsp. salt
1/4 cup vinegar
1 Tbl. lemon juice
1/2 cup chopped celery
1 cup chopped cucumber
2 Tbl. chopped green pepper

Soak gelatin in cold water, add other ingredients except the vegetables, and thoroughly dissolve. Pour a little aspic in bottom of salad mold which has been rinsed in cold water, place thinly sliced pepper rings prettily on top, let cool till firm. When the remaining aspic thickens slightly add the vegetables, mix and put in mold. When firm add the following mixture of

Salmon:

1 Tbl. gelatin
2 Tbl. cold water
1/2 cup mayonnaise
2 cups flaked salmon
1/4 cup green pepper, chopped
1/2 cup celery, cut fine

Soak gelatin in cold water, let dissolve over hot water. Then mix with the rest of the ingredients. Add to the aspic, unmold on curly endive and serve with sliced tomatoes, hard-boiled eggs, etc.

SWEDISH MEATBALLS
(Mrs. Ralph A. Rosenblad)

This is the authentic recipe I told you about last week, which is so good and very easy to prepare.

1 lb. ground top of round beef
1 bouillon cube dissolved in 1/2 cup hot water
1/2 tsp. allspice
1/8 tsp. white pepper
1 Tbl. ground onion
1/4 cup bread crumbs, soaked in bouillon
1 tsp. salt
1 egg.

Mix, roll firmly into small balls and cook in skillet with half oil and half butter.

OUR HELP AMIABLY GIVEN

Priscilla Reynolds, In Letter
To Townsman, Tells About Trip

The Andover TOWNSMAN this week received the first of several letters from Priscilla Reynolds, now touring Europe as Andover's Junior Red Cross delegate to an international study visit program.

Priscilla writes as follows: "All have arrived safely in Naples after a completely enjoyable trip on the U. S. Augustus and are now spending a few days touring lower Italy - Amalfi, Sorrento and Capri - before joining the Italian Red Cross in Rome.

"Previous to our arrival at Naples we stopped at Gibraltar and Barcelona, Spain, but toured only Barcelona.

"The ship, Augustus, mentioned before, is taking the route of the recently wrecked ship, Andrea Doria and is now employing many of the Andrea Doria's crew.

"We have classes three hours a day on board ship; two hours in the morning and one in the afternoon. It is surprising and wonderful, when you work in a group like this, how much you can learn. We have discussed things relating to Junior Red Cross in preparation for future study.

"Since our arrival in Italy we have been touring the beautiful countryside, the coast line, etc., and just seeing things in true perspective is a magnificent education for ANYONE!

"Our leaders are just wonderful and help us in every way possible. Already new ideas are beginning to come to light in our minds because of the numerous ideas everyone contributes.

"We all realize this is only the beginning of a wonderful and helpful experience."

No Water Help From
Lawrence, B.P.W. Told

The Board of Public Works says it can't get any water from Lawrence.

Members Monday night heard C.P. Woodworth ask why they didn't try to buy water for a few weeks so that homeowners wouldn't lose thousands of dollars invested in lawns and landscaping.

Later in the evening, Engineer Ralph Preble Jr. told the Board he had talked with someone in the Lawrence Water Department who said the Lawrence system was over-taxed on some days. Preble said the Lawrence filter plant can handle 10,000,000 gallons a day and the city has pumped up to 13 million gallons, drawing down its reservoir about four feet. This is slowly being re-filled, he reported.

Summing it all up, he told the Board, "They haven't enough water".

At The Library

Films On Hand

The following films may be borrowed from the Memorial Hall Library during the month of August for use with groups: American Road, 43 minutes, color; The Big Race, 11 minutes, color; from Aug. 5-24, Johnny Appleseed, 15 minutes, Groups planning August showings should reserve well in advance.

July films include two for the entire month - The American Farmer, 28 minutes in color and Dearborn Holiday, 28 minutes, also in color. Both are Ford films. The first shows the changes brought about in the life of a modern farmer by the mechanization of farming equipment. The film has beautiful scenes and presents a picture of the American farm family at work and play. Dearborn, Mich., subject of the second film, is one of America's most interesting and unusual tourist centers. Every year more than a million people, representing almost every country in the world, visit Dearborn. The attractions there include the world-famous Greenfield Village, The Henry Ford Museum, the spectacular Ford Rotunda and the huge Ford Plant on the Rouge River.

A third color film, which runs for 20 minutes, is at the library for loan from July 8-27. "Coral Wonderland" shows the coral growth of the Barrier Reef Islands coming to life under the microscope and the reef's unique fishes and underwater creatures.

David Hudson
Won Medal For
Music Ability

David Hudson, son of Mr. and Mrs. Kenneth Hudson of River rd., has won the Paderewski Memorial Gold Medal for excellence in piano study.

The award was made by his teacher, Mary Dutton Liversidge of Lawrence, at a recent piano recital held at the Methuen Memorial Music Hall, in behalf of the National Guild of Piano Teachers.

Young Hudson, a junior at Andover High School, has participated in auditions sponsored by the Guild for the past 10 years, passing the auditions consistently with superior rating. His talents have been recognized with pride by the school's music department. This year his name has been entered on the Miriam S. McArdle music trophy along with that of Jean Arnold - the boy and girl most outstanding in music at the school.

held each year. Mrs. Sides, with her daughter, "Kitty" and Mrs. Munro Leaf for crew, contended this week for the Lee Cup, run off in Manchester Monday, Tuesday and Wednesday. Mr. and Mrs. Sides will again enter the cup series in Marblehead during Race Week, which formally opens July 20.

Captain and Mrs. Adair Miller, 234 So. Main st., and sons, Adair Jr. and Brian, are spending many days sailing their 35-foot yawl, Monhegan 11 at Eastern Point, where Capt. Miller is fleet captain this year.

Ernest S. Young, 70 Elm st., can be seen many days going down to the Corinthian float with Mrs. Young's uncle, Philip A. Thomson, 54 Abbot st., both bearing the sails for their favorite Herreshoff. Mrs. Thomson, a life-long sailing enthusiast, is usually the skipper with Mr. Young as "crew".

Mr. and Mrs. Richard D. Hornidge of Ballardvale rd. race their Town Class with Richard Jr. and daughter, Pat, and "Shameless", their springer spaniel as crew. "Shameless" does a fine job of shifting his weight and position on the tacks and enjoys Ipswich Yacht Club along with the rest of the Hornidges. During the last two weeks in July the family will be putting the "Towney" on its trailer and starting off for Penobscot Bay where they have just bought a camp at Vinal Haven.

Also seen at Ipswich are Mr. and Mrs. Walter H. Partridge, 30 Walnut ave., sailing their Rhodes Bantam. Dave, their 12-year-old son, makes a good crew for his father this year in light weather. In heavy weather Mrs. Partridge joins the crew.

Mr. and Mrs. Arthur L. Bonner, 168 Chestnut st., also own a Rhodes Bantam at Ipswich with E.H. Perkins of Holt rd. often acting as crew.

Mr. and Mrs. Dino Valz of Stratford rd. enjoy their little Turnabout, caring more for the sheer pleasure of sailing than for competitive racing.

Always a sailing enthusiast, 11-year-old Barry Blaisdell and his father, Harry Blaisdell of Argilla rd., are this year entering Blazer II, in the Corinthian and Pleon series in Marblehead. The boat is a "110", a popular class in Marblehead with many added to its fleet from other New England clubs for Race Week.
